Re: Proposed Court Rule No 2003-47

To Whom It May Concern:

I don't think that the Michigan Supreme Court should take away our rights as Asbestos disease victims. Now I'm effected by this disease and so is my family, too. So I am writing this to ask for our right for a jury trial.

Don't allow the big business to use you to deny the working people our constitutional rights while we are victims harmed by their corporate misconduct. Please uphold the law and the very premise that the Court and the very reason the constitution was established.

I writing this letter to urge you to please look at our family and all the things we need to face medically and emotionally and put yourself in our place and see how you would feel if the only right or defense you would have in a situation like this, a jury trial, would be taken away.

Thank you foe your time in advance,

Sincerely,

Jacob B. Watkins
